

# **Congratulations to the West Jersey Rose Society for a wonderful Rose Show!**

*You can never predict how the sun and rain will  
affect your garden  
but with care, skill, and attention to detail,  
your roses bloom beautifully.*

*The same is true with financial success.  
An uncertain economy calls for personal attention,  
skill, care and planning.*

**Let me show you how  
I can help you nurture and grow  
your financial dreams  
to achieve an “award winning” future!**
