English Roses by David Austin

Benjamin Britten

Strong salmon-pink that changes with age to a particularly strong shade of pure pink. Deeply cupped flowers gradually develop into an open, slightly cupped rosette. Medium height; vigorous, with dense semi-glossy foliage. Ideal for the border or may be grown in a large pot or container. The fragrance is intensely fruity, with aspects of wine and pear drops.

Bathsheba (CL)

Apricot-yellow buds open to shallowly cupped, many petalled rosettes. They are a beautiful blend of subtle apricot-pink and soft yellow, giving the overall impression of apricot, with creamy outer petals. There is a superb floral myrrh fragrance, with hints of honey and Tea. It forms a short, vigorous climber.

Charles Darwin

Strong and delicious fragrance which varies between a soft floral tea and almost pure lemon according to weather conditions. David Austin states the blooms of 'Charles Darwin' are some of the largest to be found in the English Roses. The flowers are very full and rounded at first then open to a shallow cup. They are a lovely shade of rich yellow - almost Old Gold - sometimes with lemony or sandy tints. It makes a most attractive, bushy and eye catching shrub that is very healthy and would be ideal towards the front of a mixed border.

Claire Austin

A beautiful, arching bush with gorgeous very full, globular cupped 3.5" nearly white blooms. This repeat bloomer will provide you with a strong fragrance of myrrh, meadowsweet, and vanilla in several flushes through the growing season. A grand upright blooming beauty that you will love in your own garden. petal count 41+,

Crown Princess Margareta (CL)

Crown Princess Margareta produces large, neatly-formed rosettes of a delightful apricot-orange that later pale to soft yellow. A wonderful, fruity tea rose fragrance accompanies this variety that is well suited to the back of the border or as a climber. Bloom 4-5", Petals 100+

Darcy Bussell

When young, the outer petals of each bloom form a perfect ring around an inner cup, gradually opening out to form a perfect, medium-large rosette. The color is a deep, rich crimson-pink, taking on a tinge of mauve just before the petals drop. There is a light-medium fruity scent. It forms a compact shrub with attractive bushy growth making it perfect for containers and borders.

Desdemona

Peachy pink buds open to beautiful, white, chalice-shaped blooms, with a pinkish hue. The incurved petals create an arresting interplay of light and shadow. The strong Old Rose fragrance has hints of almond blossom, cucumber, and lemon zest. It forms a most attractive neat, rounded, bushy shrub. Ideal for containers and borders.

Emily Bronte

An exceptionally beautiful rose; the distinctive blooms are very neat and rather flat. Each bloom is a lovely soft pink, with a subtle apricot hue, the smaller central petals deepening to rich apricot and surrounding a button eye, which unfurls to reveal deep-set stamens. The strong Tea fragrance becomes more Old Rose, with delicious hints of lemon and grapefruit. It forms a bushy shrub with strong, healthy, upright growth.

Gentle Hermione

The perfectly formed, shallow cups are pure light pink, paling to soft blush on the outer petals. There is a strong, warm myrrh fragrance. It forms an attractive, quite broad shrub, with slightly arching stems. The leaves are tinged red at first, later turning green. Particularly resistant to rain.

Golden Celebration

One of the largest-flowered English Roses, bearing rich yellow blooms in the form of giant cups. They have a strong Tea fragrance, developing wonderfully combined notes of Sauternes wine and strawberry. It forms a rounded shrub, with ample foliage – the flowers held beautifully poised on long, arching branches.

Graham Thomas (CL)

With its vigorous, upright growth, it makes a very good climber, both in beauty and performance. It bears medium-sized, cupped blooms of an unusually rich, pure shade of yellow. They have a light Tea fragrance.

James L. Austin

Bears large, many petalled, deep pink rosettes, each with a button eye. There is a light-medium strength fruity fragrance. It forms a neat and tidy shrub with a bushy, upright habit.

Lady of Shalott

Rich orange-red buds open to chalice-shaped blooms, filled with loosely arranged, orange petals. The surrounding outer petals are salmon-pink with beautifully contrasting golden-yellow undersides. There is a pleasant, warm Tea fragrance, with hints of spiced apple and cloves. It quickly forms a bushy shrub with slightly arching stems and mid-green leaves, which have attractive, slightly bronzed tones when young.

	<p>Lichfield Angel The charming peach pink cups open to neat, creamy apricot rosettes and give off a light, clove fragrance. With up to 110 petals on each bloom, this continually blooming rose provides large (4” diameter on average), domed, creamy-white flowers that create a beautiful sight. As a shapely shrub, it grows to be 4’ wide and 4’ tall and has medium, semi-glossy, dark green foliage.</p>
	<p>Munstead Wood Light crimson buds gradually open to reveal very deep velvety crimson blooms. The flowers are large cups at first, becoming shallowly cupped with time. There is a strong Old Rose fragrance with warm, fruity notes of blackberry, blueberry, and damson. The bushy, spreading growth forms a broad shrub. Ideal for container or border.</p>
	<p>Queen of Sweden Exquisite little buds open to half-enclosed cups, eventually becoming wide, shallow, upward-facing cups of pleasing formality. The color begins as soft-apricot pink, gradually changing to pure soft pink over time. There is a lovely myrrh fragrance. It forms a bushy, yet upright shrub. Ideal for partially shaded areas.</p>
	<p>Teasing Georgia (CL) A yellow 4-5" rose (petals 50+) of delicate beauty. The flowers are of a particularly pleasing cupped formation. The center petals are in the form of a rich deep yellow while the outer petals fall back and fade to pale yellow, providing a most pleasing two-tone effect on a continual blooming bush. The growth is strong but gracefully displaying the flowers nicely. A pleasant tea rose fragrance.</p>
	<p>Tess of the D'Urbervilles Large fragrant 4" flowers (petals 70) of bright crimson coloring. They are of a nice, deeply curved shape in the early stages; the petals turning back to give a less formal but still attractive flower. They bend over with their weight, to give an elegant effect. The growth is robust, bushy and spreading and the leaves are large and dark green. Old rose/fruity myrrh fragrance on a repeat blooming plant. Medium, semi-glossy, medium green foliage.</p>
	<p>The Albrighton Rambler A repeat-flowering variety which, unusually for a rambler, has fully double flowers that are small and cup-shaped. They are blush pink, fading to blush white and are held in large, gracefully hanging sprays. The petals of each bloom are beautifully arranged around a little button eye; the overall appearance being one of exceptional prettiness and charm. Ideal for partial sunlight.</p>
	<p>The Alnwick Rose Pretty, rich pink, cup-shaped buds gradually open to broad, full-petaled, shallow cups. The fully open blooms are soft pink and have an Old Rose scent, with just a hint of raspberry. The growth is bushy and relatively upright. Ideal for containers, borders and hedges. Petal count 120.</p>

	<p>The Lady Gardener Bears large, quartered rosettes, each about 4” across, packed with loosely arranged petals. They are a beautiful shade of pure apricot, paling towards the edges. There is a lovely Tea fragrance, with hints of cedar wood and vanilla.</p>
	<p>Tottering-by-Gently This variety’s beauty is found both in the simplicity of its single flowers and the spectacular display they create when viewed en masse. Held in large, open sprays, the yellow flowers open to reveal golden stamens. Paling prettily over time, they have a light musky scent, with fresh notes of orange peel. It flowers freely, repeating regularly throughout the summer. A large, healthy shrub; its growth is rounded and branching.</p>
	<p>Tranquility Notable for the perfection of its flowers. An attractive, very floriferous variety, bearing pure white, beautifully rounded, rosette blooms. Almost thornless with very healthy, vigorous growth. Light apple fragrance.</p>
	<p>Vanessa Bell Large clusters of very free-flowering, pale yellow blooms. Pink-tinged buds open to medium-sized cups held in large clusters. Pale yellow, paling to white at the edges; each with a rich yellow eye. The fragrance is similar to green Tea with aspects of lemon and honey. It forms a bushy, upright shrub.</p>
	<p>Wollerton Old Hall (CL) A wonderfully fragrant climber – its strong, warm myrrh fragrance has intense hints of citrus. The buds have attractive flashes of red, open to beautifully rounded, chalice-shaped blooms of pale apricot, eventually paling to cream. Ideal for partial sunlight.</p>
<p>Climbers</p>
